Pro Rata from 1 st Apr	- \$90 1 st Rider
	- \$80 2 nd Rider
Pro Rata 1 st June – 1 rally	- \$20

Fees decrease as the year progresses

Come & Try days are \$20 each with a maximum of two allowed.

Maintenance levy - \$90 per family. Parents are expected to complete 3 working bees per year. Attendance at set working bees and setting up for events only will count towards a working bee. It is an expectation of the club that parents help at the events and rally days and therefore these do not count towards a working bee attendance. Upon doing this your levy remains with the club and carries forward to the next year. If you only complete 1 working bee you forfeit \$60, 2 working bees forfeit \$30 or if you do not complete any working bees you will forfeit \$90 and have to pay again on the 1st of September each year. It is your responsibility to ensure you sign in at working bees so there is a record of how many you have completed. Each working bee is 3 hours.

All families will be rostered on either set-up, pack up, canteen or toilet block duty at each rally. If you are on set up please be ready to do so by 9am on rally day. Parents on pack up are asked to remain at the grounds until this is complete.

Parents are asked to pick up their ponies manure from both the arenas and the yards. Chains are to be re hung on the yards at the end of the day.

We hope you enjoy your time at the club and ask that you speak to either Kent Boundy or Nicole Rogers if any problems arise so they can be sorted out immediately.
